Endorsement No.G. 677

In the proposal submitted from this office in telegram No.G.454, dated the 21st September 1921, it was proposed that the buildings should be borrowed for - - - occupation, repairs being done by the Madras Government as they were not in use and being advertised for sale. However as the cost of the buildings was originally over Rs.60,000/- and the present value Rs.16,665/- it would have been very much more expensive to erect new ones. As the buildings will ~~personally~~ probably be in use for about two years and it is probable that they will by that time be worn out, they may be bought outright it is thought. There are 23 huts and the estimate for one such hut - - - prepared last month was slightly over Rs.2000/-.
